

Litera Continuing Legal Education (CLE) Programs

Litera's CLE programs provide 1-hour presentations led by qualified instructors along with all the accreditation materials needed to submit to your state bar.

In order to receive CLE credits, the individual lawyer must follow their state's bar submission process. To request accreditation this typically involves providing course materials, a special application and possibly a small fee. The process will vary from state to state, but please start the process before the course takes place.

Litera does not grant accreditation; however, we provide our firms and organizations with the information they need to apply for accreditation, so lawyers receive CLE credit for attending this important professional development opportunity. Versions of this course have been approved by most state's bars previously.

MATERIALS INCLUDED FOR ATTENDEES (used to apply/submit for accreditation)

- Course outline and timed agenda
- PowerPoint presentation (led by qualified instructors)
- Confirmation email of your registration and/or follow-up email if you attend or watch on-demand.

*If you need more materials, please reach out to us directly at customersuccess@litera.com.

ATTENDEE RESPONSIBILITIES

- Submit included materials (listed to the left) to your state bar* at least 45 days in advance to ensure accreditation. Submission/application processes will vary.
*Links to each state bar's official website is on reverse side
- Prove your attendance if necessary. A "Thank you for attending" email will be sent if you attend. If you do not attend, you will receive a "Sorry you missed the webinar" email with a link to register for the on-demand webinar.

Contact customersuccess@litera.com for any questions about our CLE programs.

By registering for this webinar, you will gain access to the materials required to file for CLE Credits. Simply registering does not make you eligible for the CLE Credits.
