

AI Contract Review, Built for Legal Teams

Law firm partners lose over **67 hours a year correcting associate work**—nearly two weeks of billable time.

In transactional practices, this inefficiency impacts profitability, client satisfaction, and scalability. Firms using legal technology have seen a 33% improvement in realization rates for M&A deals, driven by smarter workflows and better client engagement.

Kira is the legal industry's most trusted AI platform for contract review and due diligence. Combining Generative AI with predictive AI, Kira helps legal teams deliver faster, more accurate contract reviews, collaborate more effectively, and deliver client-ready insights with confidence.

Why Kira?

Kira is built for deal work and battle-tested in high-stakes transactions. Whether you're a partner looking to reduce rework or an associate managing high-volume diligence, Kira delivers measurable impact:

Trust your reviews with >90% accuracy, trained on 1M+ documents and 45,000+ lawyer hours

Confidence in every document reviewed, backed by proven precision and deep legal expertise covering 40+ substantive areas

Do more diligence with 90% time savings on contract review

Reallocate time toward deeper diligence and more strategic client engagement—without compromising speed or accuracy

Start using GenAI from day one—no setup required

Built-in GenAI capabilities let legal teams unlock smarter reviews instantly, while maintaining full control to meet client and firm policies.
