

# Rapid Clause Analysis

## Instantly Compare and Act on Clauses

Kira's Rapid Clause Analysis feature turbo-powers comparisons and actions on individual clauses across documents, regardless of how they are drafted.

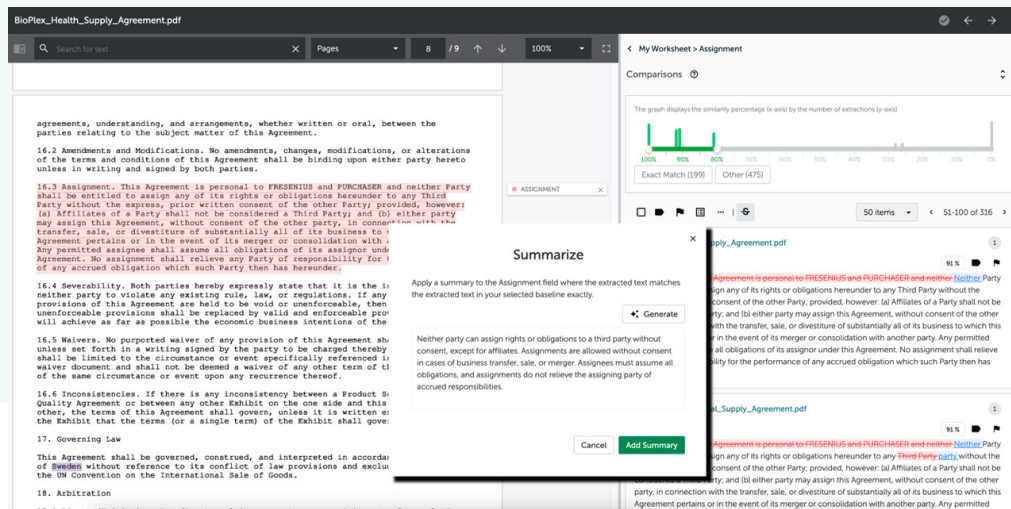

Capable of processing thousands of extractions in milliseconds, Rapid Clause Analysis streamlines workflows during contract analysis.

By boosting accuracy and reviewing more in less time, legal teams can cover more ground and focus on the most critical language sooner. This leads to faster, more informed client reports and guidance, along with improved certainty and transparency in cost and time projections.

### With Rapid Clause Analysis, you can:

- ✓ Quickly view, compare, and organize clauses by the way they are drafted, including the degree of similarity
- ✓ See redlines displaying the specific changes to a clause compared to selected baseline language
- ✓ Simultaneously take actions that apply to selected sets of clauses, like tagging, flagging, and generating summaries.

Over 90% of Kira customers have used Rapid Clause Analysis more than 7,000 times
