

Your Legal Experience, Simplified. All Your Workflows in M365 and Powered by AI.

Meet Litera One: a unified cloud interface to automate the full spectrum of legal work with embedded experience insights, seamlessly integrated into the lawyer workflow in Microsoft 365.

Simplify your technology stack and empower legal teams with intuitive workflows, seamless integrations, and valuable insights, all designed to streamline drafting, improve review accuracy, and optimize knowledge retrieval.

Why Litera One?

Powered by Litera AI+, Litera One connects your data and the Litera ecosystem to bring unparalleled efficiency and insights across any device.

- Unlock embedded workflows and AI+ insights in Word, streamlining routine tasks.
- Increase efficiency and enhance the quality of lawyer work.
- Empower legal teams with experience data and insights from AI+ workflows directly in Outlook to optimize legal work.

The unified interface modernizes your tech with a lightweight Office Add-in for Word and Outlook, delivering a consistent, connected experience tailored for the legal profession.

Legal Work Anywhere

Stay focused with seamless access to Litera workflows across any device or OS.

Maximize Adoption

Transform the lawyer experience with intuitive, integrated workflows, fostering adoption with minimal training.

Gain Quick ROI

Achieve rapid time-to-value and lower maintenance costs through streamlined deployment and updates.

Work from Experience

Utilize organizational expertise and AI+ insights within workflows to boost legal work quality and speed.

Future-Proof Technology

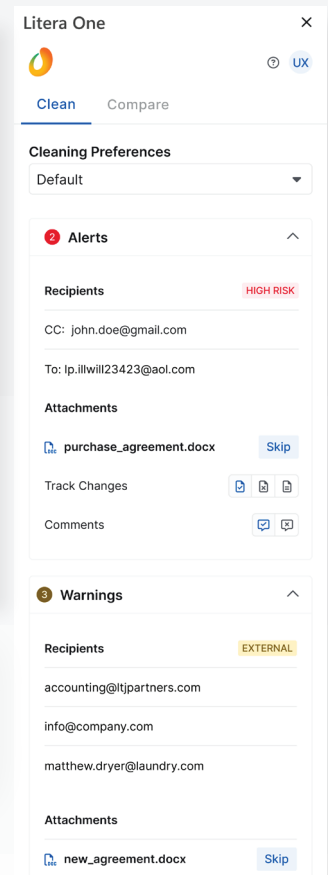

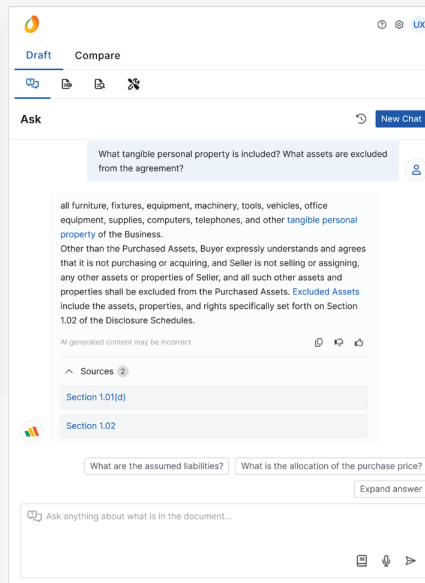

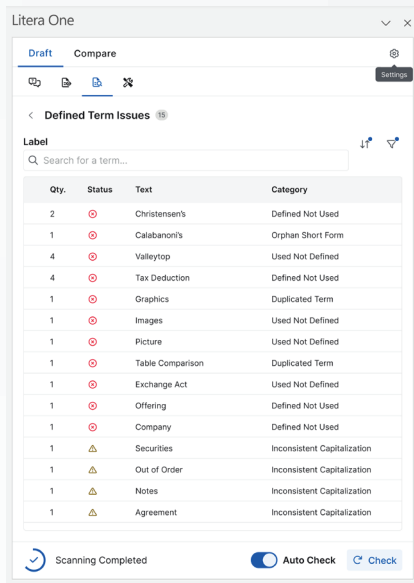

Modernize your stack with Litera's lightweight Office Add-ins for Word and Outlook, designed for in-house teams.

Faster Tech Experience

Boost productivity with quicker start-up times for Word and Outlook and a simplified, intuitive interface.

Litera One

“A seamless interface that nicely connects the dots for our attorneys.”

Legal Operations Leader

Key Workflows and Features
