

Legal experience, simplified. Your Workflows in M365, Powered by AI.

Automate legal workflows with AI engineered for legal success, enhanced by experience insights. Litera One is seamlessly integrated into the lawyer's workflow and accessible across multiple devices.

Simplify your technology stack and empower Associates and Partners with intuitive workflows, seamless integration, and valuable insights, all designed to streamline drafting, improve review accuracy, optimize knowledge retrieval and drive firm performance.

Why Litera One?

Powered by Litera AI+, Litera One connects your experience data and the Litera ecosystem to bring unparalleled efficiency and insights across multiple devices. Unlock embedded workflows and AI+ insights in Word, streamlining routine tasks. Increase efficiency and enhance the quality of Associate work. Empower Partners with experience data and insights from AI+ workflows directly in Outlook to optimize client outcomes and profitability.

The unified interface modernizes your tech with a lightweight Office Add-in for Word and Outlook, delivering a consistent, connected experience tailored for the legal profession.

Legal Work Anywhere

Stay focused with seamless access to Litera workflows across multiple devices and OS.

Maximize Adoption

Transform the lawyer experience with intuitive, integrated workflows, fostering adoption with minimal training.

Gain Quick ROI

Achieve rapid time-to-value and lower maintenance costs through streamlined deployment and updates.

Work from Experience

Utilize firm expertise and AI+ insights within workflows to optimize client outcomes.

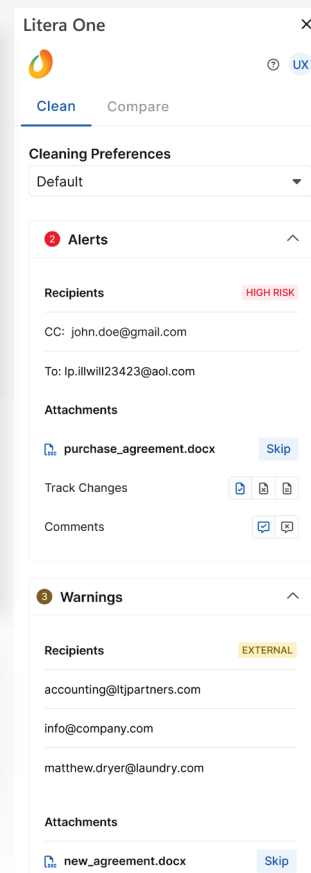

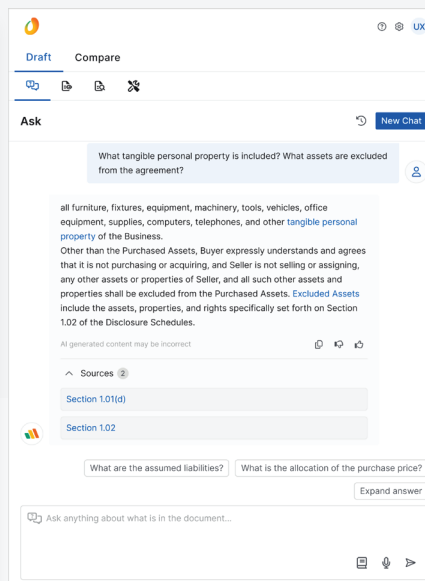

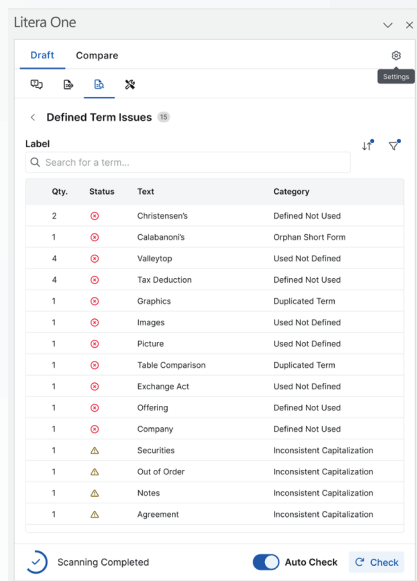

Future-Proof Technology

Modernize your stack with Litera's lightweight Office Add-ins for Word and Outlook, designed for legal professionals.

Faster Tech Experience

Boost productivity with quicker start-up times for Word and Outlook and a simplified, intuitive interface.

“A seamless interface that nicely connects the dots for our attorneys.”

Am Law 100 Firm
