

Total Visibility and Security for Any Transaction

Litera Transact is a transaction management platform that enables legal teams to securely oversee all aspects of commercial and corporate transactions.

Why Litera Transact?

- Bring flexibility, speed, and certainty to commercial and corporate transactions.
- Leverage transaction-specific project management for enhanced efficiency and organization.
- Provide all parties with a secure and transparent transaction experience.

Centralized Communication

Consolidate discussions, notes, and comments with Status Notes, replacing scattered emails with secure and efficient collaboration.

Simplified Approvals

Track and record document sign-offs centrally to gather consents efficiently, minimizing delays and streamlining approval processes.

Dynamic Checklists

Manage checklists centrally for instant access to contract and document details, with clear roles and responsibilities for improved organization.

Automated Signature Management

Assemble and format signature blocks, pages, and packets for all signers, with real-time and DocuSign integration for remote signing.

LITERA

Transact

Additional Features

✓ Easily import and duplicate checklists

Import checklists or create templates, with the information and documents you need.

✓ Compare document changes in seconds

Compare documents in Litera Transact with the power of Litera Compare. Easily view, save, or download comparisons.

✓ Seamless document access with integrations

Integrations with iManage and NetDocuments streamline workflows, enhance collaboration, and ensure secure access to documents.

✓ On-demand transaction data and reports

Use the activity log to view real-time updates. Generate, customize, and export checklists, signature trackers, approvals, and activity reports.

✓ Working group lists

Create multiple roles, manage organizations and external users, and customize permission settings.

✓ One Transact platform, multiple use cases

Litera Transact adapts to any transaction, including insurance, M&A, credit facilities, loans, aviation finance, real estate, and restructuring.

“Litera Transact is instrumental to improve efficiency and increase speed. Communicating with our counsel on deals is much easier. Especially during closing, with high stress and short deadlines, Litera Transact ensures an efficient document process.”
