

Legal Innovation Meets Microsoft Power: Smarter Workflows, Faster Results

Built natively on Microsoft, and chosen as one of Microsoft's Inner Circle partners for AI Business Solutions in 2025-2026, Litera's solutions enhance the power of Microsoft's productivity tools with legal-specific intelligence for quality, accuracy, and speed.

INNER CIRCLE
FOR MICROSOFT AI BUSINESS SOLUTIONS

Real-World Use Cases

Litio + +

Your AI Legal Agent where you work with chat-based comparisons, risk analysis, NDA playbook guidance and so much more, powered by 30 years of legal expertise.

Litera One +

One platform for drafting, review, firm knowledge, and performance with legal-specific AI that lifts the quality and impact of every matter.

+

Leverage your unique experience and end-to-end drafting automation to create high quality documents and negotiate better outcomes.

+

Surface CRM data and client history in Outlook, auto-create Teams channels for new matters, and use dynamic Word templates pulling live client data for accuracy.

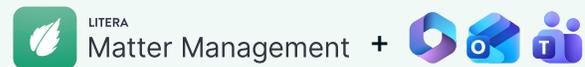

Unlock firm-specific deal intelligence by surfacing precedent, negotiation patterns, and historical data to draft faster, smarter, and with greater authority.

Get a daily digest of client and market events in Outlook, with AI-generated personalized outreach and one-click reminders for quick, actionable engagement.

Automate and standardize workspace setup, access and data control across Teams, SharePoint and OneDrive, to work faster, stay organized and reduce risk.

Gain a holistic view of clients and matters and manage complex projects within budget to deliver greater value for clients and stakeholders.

Clean risky document metadata, track changes, and comments, sharing polished documents for secure collaboration.

Key Benefits At-A-Glance

Time Savings

Eliminate repetitive tasks and app-switching, save up to 10 hours per week

Security & Compliance

Microsoft-grade data protection + CAM governance

Process Consistency

Deploy enterprise templates and workflows for lawyers, document teams, IT, and more

Seamless Collaboration

Work together across Teams, Outlook, Word, and Web
